Temporary Competition Number (TCN) replaces Listing fee: TCNs will replace the current system of entering events with "Listed Dogs" and will allow dogs to temporarily participate in CKC events while they pursue permanent registration or an Event Registration Number (ERN). **The TCN fee is \$12.00 per trial (i.e. per dog, per day)**

Event Registration Number: All dogs that are foreign born and foreign owned require an event registration number (ERN) to enable them to be awarded titles by the CKC. Dogs may be entered as "TCN"; however, an ERN must be obtained within 30 days of obtaining points, awards or scores to avoid cancellation. Application forms may be obtained from the Field Trial Secretary.

Non-Member Participation Fee:

- An annual non-member participation fee for awards and titles will be charged to a Canadian non-member of CKC. The fee will match the ERN fee.
- In order to protect the awards/titles earned, the non-member will have a choice either to become a CKC member or to pay the non-member participation fee. Failure to comply within 30 days of notification will cause all awards and titles to be cancelled.
- The Premium List must carry a note stating that "these fees apply only to dogs wholly owned by non-CKC members and are not applicable to CKC members".

These events are held under the Rules & Regulations of the Canadian Kennel Club:

Indignities:

A Judge officiating at any test held under CKC rules shall not be subjected to indignities of any kind. It shall be the duty and obligation of the club holding the test to see that this rule is effectively carried out. Chapter 3 Section 3.7.1.

Summary of Requirements to pass a leg of a hunt test.

In order to pass any test level a dog must show a desire to hunt in an interesting and enthusiastic manner and demonstrate an ability to retrieve.

They should show no fear of ground and type of cover, responding well to whistle, verbal and hand commands and maintain a reasonable working distance from their handler.

Working Dog Level

(2 legs under 2 different sets of judges is required to obtain title of (WS))

1. Find flush and retrieve 2 birds on land, steadiness is not required.
2. Retrieve 1 bird from the water swimming a minimum distance of 20 metres. At the water the dog can be restrained by a leash and sent only at the judge's direction.
3. Dogs which are gun shy or show no interest or ability to hunt are unacceptable and should be disqualified.
4. In the event that the dog successfully flushed 2 birds without being sent on a retrieve at the discretion of the judge, a dead bird may be thrown and a shot fired in order to demonstrate the dog's ability to retrieve.

Junior level

(3 legs under 2 different sets of judges is required to obtain title of JH)

In addition to the above the Junior hunting spaniel must show boldness in all types of cover encountered, a definite quartering pattern and an intense desire to hunt within gun range.

Steadiness to wing and shot is not required, however the dog must not chase uncontrollably. At the water the dog must be line steady and wait to be sent at the judge's direction.

All birds must be delivered to hand.

1. Find flush and retrieve 2 birds on land.
2. Retrieve 1 bird from the water swimming a distance of 25-50 metres in a crosswind.

Senior level

(3 legs under 2 different sets of judges is required to obtain title of SH)

A Senior Hunting Spaniel must clearly show all attributes of a Junior hunting Spaniel. At this level the dog must show a very polished quartering pattern that covers the ground in an intense and independent fashion.

All birds must be delivered to hand.

The dog must be steady to wing and shot and be line ready. The dog must flush without encouragement. At the water the dog must be line steady and wait to be sent at the judge's direction.

Master level

(3 legs under 2 different sets of judges is required to obtain title of MH)

A minimum of 5 decoys are anchored separately on the water in proximity of the line to be followed by the water retrieve.

A double retrieve has the dog hopped approximately 10 meters from the water's edge. A shot is fired and the first bird is thrown in cover on land 50 to 75 metres. Another shot is fired and the second bird is thrown into the water 35 to 50 metres.
