****What is a Sanction Match??**

It is a CKC Sanctioned (Approved) Event which means it follows most the rules of a regular trial but is designed for you to evaluate the abilities of yourself and your dog. The scores do not count towards a title. It is not designed or permitted for training in the ring, and there is an increased level of formality than a correction match.

It is essentially a practice trial for all involved. This includes the Judge and volunteers.
