Payment and forms can be sent via email to
dogsportscentre@bell.net

Class Descriptions:

RPT (Retrieval Proficiency Test):

The RPT is the first stepping stone. Your dogs must pass an RPT to go on to the other events and collect points. An RPT is a simple retrieving test. You dog may retrieve any object (your choice). You stand in a square that is 6 feet by 6 feet. You may not leave this "handler's box". You throw your object 10 yards or more and send your dog to retrieve it. Your dog must retrieve the object and return it to you or drop it within the handler's box. Your dog only has to do this successfully once and he will have passed his RPT and will earn a certificate and be able to go on to compete for points and titles in all of the other events.

Single Disc:

Single Disc is the most popular event. In this event you have one official Fastback Frisbee (supplied by the host club) and two one minute rounds to get as many catches as you can. For each catch your dog makes you earn points: 1 point for over 10 yards; 3 points for over 15 yards; 5 points for over 20 yards. If your dog has all four feet off the ground at the time of the catch (getting air) you earn an extra bonus point for that catch. All your points are added up for the two rounds for your overall score. Points are tracked and titles are awarded when certain numbers of points are earned. You also can earn proficiency titles in Single disc. You will earn a qualifying leg if your dog catches the disc over the 20 yard line four times within the first seven throws. Once you earn 4 legs your dog is awarded the Basic Disc Dog (BDD) title and moves up to Advanced.

Freestyle Disc:

90 second routine of tricks and catches to music. Please see www.canadiandiscdogs.com for details

Other basic rules:

Only Official Approved discs can be used in competition. For a list of approved discs visit the www.canadiandiscdogs.com site
No food or other toys are permitted on the green. Fouling the green will mean elimination for that round specific round.
All dogs must be on leash or crated when not competing. Respect other dogs personal space.
Please pick up after your dog. There is a **no poop bag** rule. Scooper is available, waste to be deposited at the designated 'fertilizer' site.

Accommodations:

There is free onsite tenting and RV parking for those that wish to stay onsite. There are no hookups – but there are indoor washrooms.

Proudly Presents

UFO

Sanctioned Local Trial

September 7th
8am – 5pm

Judges: Marion Paulson

Outdoors on grass
Near Millet, AB at 475013 RR 240

Classes Offered

- Freestyle
- Throw and Catch

Class Descriptions:

Freestyle Guidelines

The freestyle round is a timed freeform competition that is judged on a 40 point scale using the the four categories included in the DISC freestyle scoring system - Drive and Athleticism, Ingenuity, Sequences and Flow, and Comprehensive. Only moves that begin with the disc in flight and end with a catch are scored. Takes, moves

in which the disc is handed off to the dog, will not be scored. Rollers, throws that are intentionally rolled along the ground to the dog, will be scored provided the dog makes a clean catch. Moves such as taps and double throws in which one or more discs are intentionally missed by the dog and caught by the thrower will be scored provided they are cleanly executed.

Time Limit

Freestyle routines have a time limit of 120 seconds. Official time begins with the first throw, and countdown of time remaining will be given at 60 seconds, 30 seconds, 10 seconds, and time. In the interest of time, the UFO recommends competitors limit their pre-routines to 15 seconds or less.

Discs

Competitors may use up to 7 discs during their freestyle routine. At all Major Tournaments, event discs will be available to all competitors for use during the competition. Competitors may supply their own discs, as long as they are from the list of approved discs and manufacturers. This list is available at the UFO website. Any disc not provided by the UFO must be on this list, and in new condition. If a competitor has any questions as to whether a disc is acceptable for use, they are strongly encouraged to seek out UFO officials for guidance. The UFO reserves the right to deny the use of any disc it deems to be outside of these guidelines and will provide UFO competition discs as a replacement.

Costumes and Props

There are no clothing restrictions in the freestyle round; however, the use of a costume will not increase the likelihood of a higher score if it does not add to the overall entertainment value and crowd appeal of the freestyle routine. Competitors should be aware that the use of a costume could actually contribute to a lower overall score if it hinders the successful execution of moves or disrupts the overall flow of the routine. The use of any type of prop, an item not worn on the body as clothing, is not permitted while the competing team is on the field. If there should be any question regarding this matter, it is highly recommended that competitors consult with the UFO officials in advance.

Infractions of any or any combination of the above guidelines during a competitor's round will result in a 1 (one) point deduction from the

freestyle score for that round.

Music

Competitors who bring their own music should present it to UFO officials when they are called to the on-deck area. Contestants are encouraged to avoid music that is not suited for a family audience. Music should be marked clearly on the case with the name of the competitor and the track number, and must be presented on a CD. Bad country music will be chosen for competitors who do not supply their own tape or compact disc.

Throw and Catch Guideline

Competition Rules and Guidelines

In the Throw and Catch Round, competitors are given 60 seconds in which to complete as many throws as possible with one disc. The canine and the thrower must be behind the line before time starts.

The start sequence will run as follows:

"Judges Ready?"

The Announcer will ask the judges if they are ready. Judges should indicate they are ready.

"Competitor Ready?"

The announcer will then ask the Thrower if they are ready. The foot-fault judge will also ask the thrower if they are ready. This is a serious question. If the throw is NOT ready, they should say so!

When the thrower is ready, the line judge signals to the announcer that the competitor is ready. The signal is the line judge putting their hand in the air.

"GO."

At this time, the announcer says "go" and starts the clock at the same time.

Throwers must be behind the line for all throws, but they may move around the field freely between throws. If the thrower steps on or across the throwing line at the time of the release of the disc, the throw will not be scored. If, during a round, the competitor believes the disc has become unsafe for the dog to catch because of a broken rim or a large tear, it may be handed to the judge for replacement. The damaged disc must be handed to the line judge before a replacement is given, and time will not be suspended during a disc

change. Countdown of time remaining will be given at 30 seconds, 10 seconds, 5, 4, 3, 2, 1, and time. Catches are scored as long as the disc leaves the thrower's hand on or before time is called.

Accommodations:

There is free onsite tenting and RV parking for those that wish to stay onsite. There are no hookups – but there are indoor washrooms.
